## SC600 DUAL ADAPTER BOX

The all-in-one adapter every audio professional should have in their toolbox. The SC600 combines many of the most commonly used and easily lost adapters into one device (14 total). Each side of the box functions separately and can be used as a universal adapter or as a passive splitter.

**SC600** Dual Adapter Box

## 700 SERIES A/V DIRECT BOX

The perfect direct box for a wide variety of applications. The 700 Series converts the outputs of equipment such as MP3 players, laptops and DJ mixers to balanced, mic level signals that can be connected to audio consoles, mic preamps and house sound systems. All stereo inputs on the 700 Series are summed to mono and output to a single 3-Pin XLR connector.

**SC700CT** A/V Direct Box - Custom Transformer

**3700DI** Audio Stix Passive A/V Direct Box

## 702 SERIES STEREO A/V DIRECT BOX

Similar to the 700 Series, the 702 Series converts the outputs of equipment such as MP3 players, laptops and DJ mixers to balanced, mic level signals that can be connected to audio consoles, mic preamps and house sound systems. All stereo inputs are maintained and output to two 3-Pin XLR connectors. A merge switch sums the stereo inputs to mono and outputs two identical mono audio signal to each XLR output.

## SC800A ACTIVE DIRECT BOX

A 48V phantom powered instrument direct box designed to quietly preserve the tone of the world's finest musical instruments. The SC800A is ideal for converting the unbalanced outputs of passive musical instruments such as acoustic guitar and bass to balanced, mic level signals that can be connected to audio consoles and mic preamps. Precision engineered active circuitry provides extended reach and superior audio fidelity for professional audio engineers and musicians

**SC800A** Active Instrument Direct Box

## 800 SERIES INSTRUMENT DIRECT BOX

A premium grade direct box for musical instruments. The 800 Series converts the unbalanced outputs of guitars, keyboards and other instruments to balanced, mic level signals that can be connected to audio consoles and preamps. Dual 1/4 inch thruputs, a feature not available on any other direct box, enables connection to multiple devices such as an amp and a tuner, two amps and much more.

**SC800CT** Instrument Direct Box - Custom Transformer

**314DI** Audio Stix Pocket Size DI Box

## 900 SERIES INSTRUMENT DIRECT BOX with PHANTOM LIFT

The new standard for live sound! The 900 Series incorporates a revolutionary new innovation in DI technology...Phantom Lift. For the first time, the ground lift switch can be controlled remotely using +48V phantom power from the console. The 900 Series is ideal for a wide variety of musical instruments, providing unmatched performance and a truly uncolored audio output.
